

Grandin Heights *Community*

WELCOME!

Today marks the debut of *Grandin Heights Update*, a new monthly newsletter designed to keep you up-to-speed with our building progress. With convenience at your doorstep, enjoy a nice walk on the Wesley Heights Greenway, or head to the Frazier Park dog park before visiting your neighborhood brewery. Take advantage of the coming CityLYNX Gold Line Extension for a quick ride into uptown putting you near the BB&T Stadium, a Panthers football game, or restaurants and nightlife. Watch for our newsletter every month and stay in the loop about what you can expect to happen next at close-to-it-all Grandin Heights.

We are anticipating site work to be completed by late fall, which will allow for building construction to be underway at the end of the year.

- Select clearing completed
- Phase 1 erosion control installed
- Underground detention is underway

Upcoming activity will include storm drain and sewer installation.

* Duplex being fully renovated (located at the bottom left of the map)
